TRAINING AIDS

Maintain Your Edge with the Swedge

The Swedge swing training aid is recommended by Top Golf Instructors and was voted "Best Product of 2012" by the International Network of Golf. The Swedge helps focus your attention on keeping your right arm in the proper position, correcting several swing flaws simultaneously. It will help eliminate your hook or slice, keeps you connected throughout your swing, improves your accuracy, and increases your power and distance.

Available at all 85 Golfsmith locations nationwide and online at www.Golfsmith.com and www.AvidGolfusa.com

PERFECT GRIP

100%
Guaranteed to
give you longer &
straighter
drives!

The Perfect Grip

Rated #1 Training Aid by Golf Digest

A poor grip is the number one reason why golfers hook or slice. The Perfect Grip sets your hands correctly throughout the swing, which means that the clubface will be "square" at impact.

The Perfect Grip fits like a 'skin' over your clubs, letting you experience the grip techniques the world's best professionals use. The world's first fully detachable imprint of a 'perfect' grip provides a blueprint for striking the ball consistently. Clubs and lessons won't help, if you don't perfect the most crucial fundamental there is.

Visit: www.GolfDepotDirect.com for your chance to win a FREE Perfect Grip.

The Orange Stick

MAKE 3 FOOT PUTTS!!

How many times have you said? "I could have broke 100 (90, 80) except I missed a 3 foot putt." There is nothing more frustrating in golf because a golfer expects to make a 3 foot putt. Yet, for many golfers no shot is harder. The Orange Stick is the perfect putting training aid. The Orange Stick ingrains perfect stroke and alignment. Simply place the ball on the Orange Stick and Putt. Use the Orange Stick twice a week and you will be a better putter.

Get yours today for only \$19.95

The 3-D Impact Bag

The 3-D Impact Bag was created as a training aide based on principles in Homer Kelley's book, The Golfing Machine. This multipurpose Impact Bag is designed for practical practice, indoors or out. The yellow strap that comes with the bag is used to align the angle of the club shaft during some drills to ensure you are practicing your golf stroke using the correct club shaft angle. You can also hit short chip shots using the 3-D Impact bag which allows you to use your practice skills while actually hitting a chip shot.
